Objectives

Dedicated and motivated B.Sc.I.T. graduate seeking opportunities to apply knowledge in real-world scenarios. Eager to contribute to IT projects and develop practical skills in a dynamic and collaborative environment.

Education

Thakur Shyam Narayan Degree College, Mumbai.

B.Sc.I.T. 3 Year (7.72 CGPA) 2023 - 2026

Durgadevi Saraf College, Malad, Mumbai.

H.S.C (12th) (67.17%) February 2023

F.Y.J.C. (11th) (87%) March 2022

Himalaya High School, Kandivali, Mumbai.

S.S.C. (10th) (83.60%) March 2021

Scholarship, Awards & Certificates

- Received Scholarship from E&Y Foundation for my Jr. & Degree College Studies
- Received Dheeraj Pratibha Samman by Maithil Samanvay Samiti for my 10th result in 2021
- Completed Multiple Certification from Great Learning in
Data Structure in C | AI Fundamentals Turbo C++ | Chat GPT for Business | Communication
- Completed Multiple Certification from Simpli Learn Skill Up in
Introduction to Machine Learning with R | OOPs in Java
Introduction to Applied Data Science with Python Chat GPT Advance Course
Introduction to Productivity Framework Course Introduction to the Computer
Networking Programming with Python 3.X

ACADEMIC PROJECT

AI- Based Plant Species & Disease Detection Website

Developed an AI-powered web application for plant species and disease identification.
Implemented a PIN code-based plant recommendation system.
Applied machine learning for accurate image-based predictions.
Designed an intuitive interface and optimized model performance.

Work Experience

- Research Intern (AI Image Annotation Project) (March 2025 - June 2025)
Under the guidance of Prince Jha, Researcher at MBZUAI (Mohamed Bin Zayed University of AI)
 - Contributed by annotating image datasets for evaluating AI generated content.
 - Assessed image quality and perform quantitative reasoning tasks to ensure data accuracy.
 - Developed analytical and critical thinking skills while enhancing understanding AI image generation and evaluation.
- Completed 3 Month Internship in digital Marketing at Rubriks Academy Pvt. Ltd. Got appreciation for my idea, consistency and proactive efforts. (Apr 2023 - June 2023)

Technical Skill

- Programming Languages: Python
- Database Management: SQL
- Software Tools: Visual Studio Code, Eclipse, MySQL , Advance Excel, Power BI
- Web Technologies: HTML, CSS,
- Operating Systems: Windows & Mac

Hobbies

Photography, Listening music, etc.
